Allowable Subject Matter

1. Claims 6-7 and 12-19 are allowed.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 20-35 are canceled.

3. This application is in condition for allowance except for the presence of claims 20 to 35 non-elected without traverse. Accordingly, claims 20-35 have been cancelled. The Examiner has canceled these claims due to their listing as being withdrawn in the listing of claims. Applicant elected claims 1-19 without traverse. Also, the Examiner wishes to clarify a typographical error. In the restriction requirement, Examiner had listed group I for claims 1-19 and claims 20-35 for Group II; however, the Examiner only listed claims 21-35 as withdrawn in the last office action due to a typographical error. Claim 20 was

also part of Group II as indicated by Examiner in the restriction requirement as well as the response of Applicant that canceled claims 20-35 in Group II.

4. The following is an examiner's statement of reasons for allowance: In claims 6 and 7, the claimed soft magnetic film having Fe and Ni in its stated mass percentages, combined with the composition ratio of the alpha element Tc, Ru, etc., is neither taught nor suggested by the prior art of record.

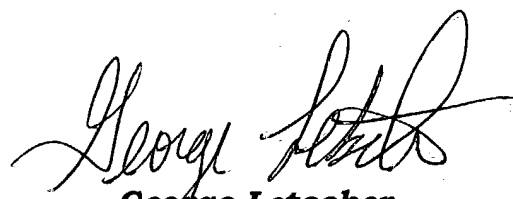

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to George Letscher whose telephone number is (703) 305-7912.
